ELIGIBILITY REQUIREMENTS. In order to qualify for the current interest rate and annual percentage yield the consumer must have a checking account and must have ACH activity either via automatic deposit or automatic withdrawal in the amount of at least \$ 100.00.

RATE INFORMATION. Please refer to our rate sheet for the interest rate and annual percentage yield (APY) on this account.

Your interest rate and annual percentage yield may change.

Determination of Rate. At our discretion, we may change the interest rate on your account.

Frequency of Rate Changes. We may change the interest rate on your account at any time.

Limitations on Rate Changes. There are no maximum or minimum interest rate limits for this account.

COMPOUNDING AND CREDITING. Interest will compounded quarterly and will be credited to your account quarterly.

The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings. If interest is credited to another account or paid to you by check, this may reduce earnings and may negate the effect of interest compounding. If you close your account before interest is credited, you will receive the accrued interest.

MINIMUM BALANCE REQUIREMENTS. You must deposit \$250.00 to open this account.

You must maintain a minimum daily balance of \$250.00 in the account each day to obtain the disclosed annual percentage yield. You will earn interest for every day during the period that your account equals or exceeds the minimum daily balance requirement.

DORMANT/INACTIVE ACCOUNT INFORMATION. Dormancy fees do not apply to certificates. Upon the bank receiving two consecutive returned maturity notices, certificates are considered dormant. Accounts with no activity for 5 years or more from the date of the second returned maturity notice are escheat. Funds from escheat accounts are remitted to the State of Ohio after no reply is received from notification sent to the customer. Funds remitted to the state will be returned to the customer after filing a claim with the state.

BALANCE COMPUTATION METHOD. We use the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the principal in the account each day.

ACCRUAL ON NONCASH DEPOSITS. Interest begins to accrue on the business day you deposit noncash items (for example, checks).

TRANSACTION LIMITATIONS. You may not make deposits into your account until the maturity date. You may make withdrawals of principal from your account before maturity, however a penalty may be imposed. You can only withdraw interest after it is credited to your account and before maturity of that term without penalty.

MATURITY DATE. Your account will mature

EARLY WITHDRAWAL PROVISIONS.

a 50% loss of interest on the amount withdrawn whether earned or not for the term of the certificate.

For any CD that earns an interest rate that may vary from time to time during the term, during the term, the interest rate we will use to calculate this early withdrawal penalty will be the interest rate in effect at the time of the withdrawal.

In certain circumstances such as the death or incompetence of an owner of an account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty.

RENEWAL POLICIES. Your account will automatically renew at maturity. You will have a grace period of 7 calendar days after the maturity date to withdraw the funds in the account without being charged an early withdrawal penalty.

You may prevent renewal if you withdraw the funds in the account at maturity (or within any grace period mentioned above). We can prevent renewal if we mail a notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, interest will continue to accrue after final maturity for up to seven calendar days. The interest rate at maturity will be the current rate offered for the term that your certificate renews to.
